WHEREAS, Facet in 2011 licensed certain of the patents and patent applications in the Facet Patent Family to Mandli and then in 2017 sold the remaining patents and patent applications in the Facet Patent Family as set forth in Schedule 1.1 to Mandli; and

WHEREAS, Facet in 2012 licensed and then in 2014 sold certain of the patents and patent applications in the Facet Patent Family as set forth in Schedule 1.2 to DBi; and

WHEREAS, the Parties in 2019 entered into a License Agreement that provided Facet with certain exclusive but limited rights to license the Facet Patent Family on behalf of DBi and Mandli; and

WHEREAS, the Parties now desire to enter into this Exclusive License Agreement under which Facet is granted all substantial rights to enforce and/or license the Facet Patent Family with respect to making, using or selling products or services under the Facet Patent Family, including the sole and exclusive right to license and sublicense the Facet Patent Family and the sole and exclusive right of standing to sue to enforce the Facet Patent Family, including for any and all current and/or past damages for infringement of the Facet Patent Family, under the terms and conditions of this Agreement;

NOW, THEREFORE, the Parties agree as follows:

1. Exclusive Rights.
